

STATIONARY VALVE REGULATED LEAD ACID BATTERY

UPS SMF BATTERIES

UPS SMF ENERTEX Batteries
Capacities from 2.5 to 200 Ahr in 12 volts Battery range.

"Uninterrupted power supply with ensuring
continuous operation."

2023

ENERTEX Factory Charged ready to use SMF Batteries

Enertex is a leading manufacturer of UPS (Uninterrupted power supply) Batteries in Central India and has a workforce of 150 people. The company is well known for its high-quality products and produces all battery components in-house, including specially designed lead alloys, lead oxides, grid castings, pasted plates. Enertex began producing Industrial Batteries in the 1990s for applications like Automotive, Inverters, Traction, Stationary, and Solar.

Enertex offers a range of UPS batteries with capacities ranging from 2.5Ah to 200Ah. These SMF batteries are designed to deliver superior performance for both high cycling, float/long duration applications and reliability over the life of the battery. These are manufactured using state-of-the-art techniques and quality components and materials for reduced maintenance and extended battery life. Overall, Enertex is a reliable and high-quality manufacturer of UPS Batteries, with a long-standing reputation in the industry.

Special features SMF Batteries:

FEATURES	ADVANTAGES
Backup power supply.	Provides uninterrupted power supply to connected devices in case of power outages or fluctuations.
Regulated power supply.	Protects connected devices from voltage fluctuations, surges, and spikes.
Surge protection.	Protects connected devices from voltage surges and spikes.
Noise filtering.	Reduces electromagnetic interference, ensuring clean power supply to connected devices.
Automatic voltage regulation.	Adjusts voltage to appropriate level, protecting connected devices from overvoltage and undervoltage conditions.
Remote management.	Enables remote monitoring and management of battery status and connected devices.

APPLICATIONS:

- Uninterruptable Power Supply (UPS).
- Electric Power System (EPS).
- Railway Signal.
- Alarm & Security System.
- Communication Power Supply.
- DC Power Supply.
- Auto Control System.
- Emergency Backup Power Supply.
- Agricultural Spray Pumps.
- Communication Power Supply.

The company is certified with ISO 9001:2015 and ISO 14001:2015
